

California OES Weather Threat Briefing

Saturday, June 12, 2021
9:00 AM PDT

Day 1 (Saturday): Locally gusty winds continue across the southern California mountains through tonight, bringing additional periods of elevated fire weather conditions.

National Weather Service

*Western Region Headquarters
Regional Operations Center
Salt Lake City, UT*

WEATHER KEY POINTS

06/12/21 - 06/18/21

Saturday - Friday

- Gusty winds will continue through Thursday across the Sierra and southern California mountains, bringing periods of elevated to locally critical fire weather conditions
 - Strongest winds expected Sunday through Tuesday with gusts of 30-40 mph
- Periodic showers also continue through early Monday across far northwest California, with additional rainfall amounts of one-quarter to locally three-quarters of an inch, highest in Del Norte and Humboldt Counties. Dry weather will persist the next 7 days over the remainder of the state.
- Warming temperatures through next week, especially for mid and late week with widespread 100+ degree temperatures expected for the Central Valley and much of southern California. Some areas will approach 110 degrees Thursday and Friday, even across the Central Valley.
 - High to Very High heat risk is likely to develop for mid and late week.
